

Memo/Reply From
JOSHUA LEDERBERG

TO: Jerry Henderson
BROE

Dear Jerry

JAN 12 1981

How nice to hear from you.

Yes I think I would be delighted to meet with your group. Especially if I can pin down a fixed date on 5 to 7 weeks advance notice: is that feasible for you?

I would prefer an audience just like BROE but have no objection to others of like audience. (I don't lack opportunities to meet with academics.)

As to topics, let me save time by enclosing some writings. I could take off ~~on~~ any of those issues. I am also preparing a couple of articles on (a) contributions of biomedical practices to basic science (sic); ditto toxicology and (b) what basic research actually has to do with health ~~in~~ technology and health improvement.
